CRUISE TIPS

IN YOUR DISNEY CRUISE

CELL PHONE SERVICE

It is recommended to either turn your phone off while on your cruise or purchase and international plan from your cellular provider. Call your provider to learn more about your plan and what they offer.

INTERNET SERVICE

There is an additional charge for Internet service.

DAILY PLANNING: THE NAVIGATOR

The Navigator is a daily newsletter with day's activities. (It used to be a paper newsletter but now it's all available on the app). It will also list the hours of operation for everything from the excursion desk to the restaurants. You may want to bring a highlighter pen on your cruise so you can mark the activities that interest you.

You should download the Navigator app before you arrive at the embarkation port. Then, once on-board, you can connect to the ship's Wi-Fi network—complimentary for app use only. The app has some information that isn't in the paper Navigator, including menus for the various restaurants and some other useful information.

The Navigator app does have a free text messaging feature but it can be slow and unreliable--and only works with others using the app.

Note: Downloading the app does not enable general-purpose Internet access – that is an extra charge.

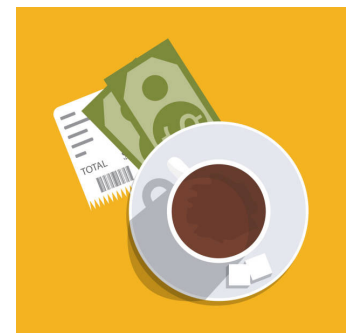

SPECIALTY DINING

While all meals are included on your cruise, most ships have specialty restaurants that for a nominal additional fee. If you were not able to get a reservation prior to sailing, check when you get on-board. You may have luck.

TIPPING

It is customary to tip staff members on the majority of ships. Tip amounts are often set by the cruise line, however you can tip more if you like. You have the option to prepay your tips when booking your cruise. If you opt not to pre-pay, you will receive an envelope in your cabin on the last day of the cruise.

If there is a favorite bar, consider tipping the bartender on the first day. He is more likely to remember you, and maybe even your favorite drink.

NOTE: Some experiences may be limited, modified, or canceled due to Covid-19 restrictions and safety protocols.

FIRST DAY BAG

PACK A SEPARATE BAG FOR YOUR FIRST DAY

On the embarkation day, you won't get access to your room until mid-afternoon, and you may not get all of your luggage until evening, so it's recommended you carry a bag that contains everything you'll need between boarding the ship and dinner. For example, you will need a swimsuit if you want to take advantage of the pools.

Here's a list for packing a day bag. You can use a small rolling carry on, a duffel or tote bag, or even a backpack—whatever you will be comfortable carrying with you for a few hours.

PASSPORTS & ID

Remember to keep those items handy. Do not pack your ID in your suitcase. You will need to have your government issued ID to board the ship.

- ✓ Swimsuits
- ✓ Flip-flops or water shoes
- ✓ Sunglasses
- ✓ Sunscreen
- ✓ Cover-up
- ✓ Hats
- ✓ Camera, if you aren't using your phone
- ✓ Change of clothes for dinner (if what you wear to board the ship isn't appropriate)
- ✓ Don't forget to keep your medicines with you—just in case your luggage is delayed

NOTE: Some experiences may be limited, modified, or canceled due to Covid-19 restrictions and safety protocols.

EXTRA THINGS TO BRING

THINGS ESPECIALLY FOR CRUISING

Here are a few things you may want to bring with you:

You will need to carry your room key with you.
A lanyard makes it easy to keep track of

Door decorations

There are many doors and they all look the same.
Help you spot yours

Binoculars

So you can see shore from the ship

Ziploc bags

For wet bathing suits or electronics

Laundry bag or pop up hamper

It will be nice to have a place to store your dirty clothes
and keep your stateroom neat.

Laundry detergent pods and dryer sheets

If self-serve laundry is available on-board

Extra memory card and batteries

You'll be taking lots of pictures

Sea sick patches/bands and ginger

Just in case

Hand sanitizer

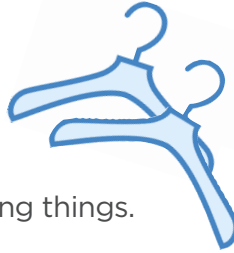

The most important thing you can do to
prevent catching a germ

Sweater

Evening on deck can get cool

Tote bag or backpack

For carrying things to the beach or while on excursions

PACKING TIP

On occasion, the seas can get a little rough. Ladies, be sure to pack a pair of flat shoes as walking in heels may be difficult at times.

NOTE: Some experiences may be limited, modified, or canceled due to Covid-19 restrictions and safety protocols.

DOOR DECORATIONS

Up and down the corridors, many guests love to decorate their doors. Not only it is fun, but it makes your stateroom easy to spot.

Since cruise doors are metal, magnets make decorating easy!

NOTE: Some experiences may be limited, modified, or canceled due to Covid-19 restrictions and safety protocols.

BEFORE YOU LEAVE HOME

TIPS FOR A HAPPIER RETURN

By following these suggestions, you can make sure that your amazing vacation isn't ruined by an unwelcome surprise lurking inside your front door.

CLEAN:

CHANGE THE SHEETS

When you arrive home from your vacation, nothing beats collapsing into crisp, clean sheets... in your own bed. It's worth the few extra minutes it takes before you leave.

TAKE OUT THE TRASH

Nothing could be worse than arriving home to realize you forgot to take out the garbage! Not exactly the atmosphere you want to experience!

EMPTY OUT THE FRIDGE

Throw out any leftovers and offer any perishables that won't last to your family or friends. No sense wasting good food, plus you don't want to have to worry about it when you return.

PROTECT:

LOCK ALL OF YOUR WINDOWS

It's easy to remember to lock the doors, but be sure all windows are shut tightly and locked. You don't want to come home to puddles of rainwater, or an unexpected intruder.

BE SURE SOMEONE HAS A KEY

Find a trusted family member or neighbor and ensure that they have a way in to your home or apartment in case of an emergency. You never know when it could come in handy.

EMAIL YOURSELF COPIES OF YOUR CREDIT CARDS, ID AND TRAVEL DOCUMENTS TO A WEB-BASED EMAIL ACCOUNT

Just in case something happens while you are traveling you can easily access all your important confirmations and details wherever you can get online. Remember to photocopy both sides of your credit cards and insurance cards.

CONSERVE:

ADJUST THE THERMOSTAT

Be sure to set the air conditioning or heat to an appropriate level to save on energy costs while you are away. Also, you might consider turning down the hot water heater temp as well. You will be very glad you did when you receive next month's utility bills.

SET TIMERS

An inexpensive timer unit from any hardware store allows you to program your lights for security purposes (and energy conservation). Those home stalkers will think someone is home and pass you by.

UNPLUG!

Unplug any appliances that you can while you are gone (think toaster, coffee maker and office printer). They can be a fire hazard, as well as sucking precious electricity even while you are hundreds of miles away.

NOTE: Some experiences may be limited, modified, or canceled due to Covid-19 restrictions and safety protocols.
